

HULIAU GREEN EVENTS

# Zero Waste Bake Sale Guidelines

WE NEED YOUR COOPERATION TO MAKE THIS  
EVENT SUSTAINABLE!

## WHAT IS OUR MISSION?

The Huliau Green Events program is designed to see this event's waste as a resource, and to divert an average of **80%** of event waste from the landfill. By doing this you can help keep our land and oceans free of plastic, reduce your event's carbon footprint, and educate the public about the many alternatives to sending waste to the landfill. By working with us, you are also helping to support the Maui Huliau Foundation and their programs which build environmental literacy and leadership among Maui's youth.

## WHY SHOULD WE AVOID PLASTIC?

Plastic takes hundreds to thousands of years to break down, and their chemical toxins last even longer.

Wildlife mistake smaller pieces of plastic for food, allowing plastic to enter the food chain.

Plastic contains harmful chemicals that leach out into our environment and our bodies.

Plastic is a product of petroleum. The creation of plastic products impacts the environment and releases greenhouse gases.

# SET UP / DISPLAY

We understand that an important component to a bake sale is the display. Being able to see the treats, helps with bringing customers into your booth. This is why plastic is often a go to, but we have a variety of alternative options to ziploc backs, saran wrap, plastic containers and plastic lined packaging!

Here are some plastic free display options...

Individually package the treats in a compostable package (listed on the next page), and then have one of the treats on display in a jar or on a plate so the customer can see the item.

Place your goods on a reusable tray or platter that is covered by a mesh or glass food cover. Then when an item is purchased it is put into one of the compostable container options (listed on the next page).

Use large or small reusable clear display jars and then individually distribute when purchased.

Find, make or rent a display case / container for your treats and then individually distribute when purchased.

\*TIP Goodwill and Salvation Army can be good outlets for finding jars and displays

# HULIAU GREEN EVENTS APPROVED PRODUCT LIST FOR... **BAKE SALES**

\*If your products are certified compostable and not on this list, you must contact **Kiera** to approve them prior to the event.
